

ILUMA MULTI-FUNCTION LED GRAB HANDLES BARGMAN STYLE

ABOUT

The New Iluma grab handles are versatile and durable, with a lighting solution designed to enhance safety and convenience around your caravan and all other recreational vehicles. These LED grab handle lights not only offer illumination when entering and exiting of your RV but also adds a stylish look to your exterior.

With an IP66 rating, they're built to withstand harsh conditions. They operate on a versatile 10-24V DC range and are dimmable for customisable illumination.

Easy to install and lightweight, they are an ideal upgrade for your vehicle's lighting needs.
